Program Description

Shorehaven Counseling Associates offers you all the counseling services needed to progress from Assessment through Long-Term Recovery for Substance Abuse, Mental Health, behavioral, and family problems. We use the latest research and methods recommended by the National Institute on Drug Abuse and the National Institute for Mental Health.

Start Your Recovery at Shorehaven, Complete Your Recovery at Shorehaven. At our attractive new Brown Deer facility, we offer a comprehensive assessment of your needs for AODA counseling, mental health counseling, medications, and family services. Then you receive counseling from among the best trained staffs in Milwaukee, counselors with thorough training in both AODA and mental health treatment.

PROGRAMS include Assessment & Evaluation, Medication Management, Day Treatment, Group Counseling, Family Counseling, and Individual Counseling. Group Counseling takes place twice per week, following you for 6-12 months to assist your recovery. Day Treatment is often the first stage of help, meeting 3-5 days per week for 3 hours each day – intense help when you need it most.

WE SERVE anyone who has a problem with alcohol or drugs, mental health problems, or any behavioral or emotional problems. Teens are usually seen individually and with family members. Adults may join our Day Treatment and Group programs, as well as family and individual counseling. Women receive gender-sensitive help. We do not discriminate, but accept all clients. We specialize in serving those who have co-occurring Substance Abuse and Mental Disorders.
